

Welcome

Well it's been a few weeks since our last newsletter and it shouldn't go unsaid that we wish all of our members the very best for 2014.

Although New Year's resolutions aren't everyone's cup of tea here at the RCI Action Group we have one simple objective for the coming twelve month period... to take RCI Europe to task.

2014 should be a very interesting year and it's probable that within the coming months we could have a court date set for our legal team to work towards. Our job is to continue to build awareness for the Action Group and get as many 'unhappy RCI Europe customers' as we can to sign up in support of the campaign

We have some interesting plans for the coming months that will help us build awareness and make sure that people out there understand that Timeshare as a concept isn't necessarily at fault, but that the RCI Europe Exchange Programme is... it just doesn't live up to its promises.

The BBC have been talking about us

News of the RCI Action Group is spreading fast and long may it continue. Our team were recently contacted by Radio 4's flagship consumer affairs programme called 'You and Yours' who are renowned for backing some serious consumer campaigns over the years.

They interviewed Mike Attenborough-Cox (Chairman of the RCI Action Group) and ran a very positive piece on Monday 20th. [Click here to listen to the piece on the BBC website.](#)

It is hoped that this is the start of something very important for the campaign as it builds pressure on RCI Europe and the impending legal case. Hopefully it won't be long before we start seeing the national newspapers, TV and even Martin Lewis, the Money Saving Expert himself, backing our campaign... watch this space for news.

Follow Us...

If you've been following us on [Twitter](#) or liking us on [Facebook](#) you've probably seen a few of our updates on the campaign and how it's progressing. It's probably the best and easiest way of staying in touch with instant news about what we're up to and what people are saying about the RCI Action Group.

If you haven't signed up already go in and have a look, there might be some useful updates in there that you won't want to miss out on.
